| 2010           | ~        | 2023   | ~           |

When running the report, the "beginning school year" should be the calendar year of that spring. (For example, if the first year of teaching/counseling/leadership was Fall 2020 and Spring 2021, then the "beginning school year" for that report would be 2021. If you are running the report for that year of first-year teachers/counselors/principals only, choose the "ending school year" as 2021 as well.)
