- “It is clear that Nancy has a background in education and pedagogy. The way she structures the class helps me stay on track, and the assignments build on one another. She has high standards but is flexible and cares deeply that we learn and are the best social workers we can be. The assignments are helpful and transferable to work outside of class.” (SOCWK 5541 Spring, 2021)
- “Prof. Twillman creates an engaging, supportive, and rigorous learning environment. I have learned so much from her classes this year and I feel very fortunate to have the opportunity. The readings, assignments, and projects in Advanced Practice I and II were purposeful, impactful, and contributed to my learning and development as a social worker...She...is an excellent educator, a data-driven professional, and solution-oriented. She provides actionable feedback and is clearly invested in the development of her students.” (SOCWK 5541 Spring 2022)
- “She is understanding, helpful, but also challenging. She makes me think outside the box, and challenges me to think harder, and smarter in the world of social work.” (SOCWK 5540 Fall, 2020)
- “Every activity, assignment, and project we have worked on in this class has contributed to knowledge and competency building. I know I will be a better social worker for having taken this class. I feel especially glad that she meaningfully incorporated macro social work projects into the course.” (SOCWK 5540, Fall 2021)
- “Her passion for teaching social work, and the students is clearly visible every week.” (SOCWK 5541 Spring, 2021)
